Barrie Barnett is a female artist who has specialized in painting and drawing dog art since 1998. The focus on creating dog art was purely fun for Barnett and allowed her to travel around the country for her art shows. Below is a drawing done by Barnett of a bulldog named Jay.

Art can just be about having fun and expressing yourself in cute amusing ways like dogs. In the box below create a fun picture of a dog doing anything you like. Come up with a
cute facial expression for the dog with a funny setting. Let your imagination go wild like a Golden Retriever making a winking face while tightrope walking!

Dog Look Alike

What type of dog would you be? Look in a mirror or look at your favorite photo of yourself and draw a picture of yourself as a dog. Think about your hair, eye color, smile, head shape, and other physical features that could match with a dog breed you know of or have seen.

Why do you think this dog breed matches your facial features the best?
